

**PRESS RELEASE – for release on Tuesday, 14 January 2025**

**\*FOR IMMEDIATE RELEASE\***

## **Langstane Housing Association Recognised by Housing Technology Awards for IT Excellence**

Langstane Housing Association is proud to announce that it has been recognised as a commended business in the prestigious Housing Technology Awards for the category of IT Team of the Year. This recognition, bestowed by the largest independent technology body in the UK housing sector, reflects the Association's commitment to technological innovation and excellence in the services it provides.

While nominated for both IT Team of the Year and IT Transformation of the Year, earning commendation for the IT team of the year is a significant achievement that underscores the hard work and dedication of the Association's employees. Langstane Housing Association is delighted to be acknowledged among the best in the industry.

Notably, Langstane Housing Association is one of only a few Scottish Registered Social Landlords (RSLs) to receive any commendation or award this year. This achievement is a testament to the collaborative efforts of its team and the commitment to leveraging technology to enhance the quality of life for its tenants.

*"This commendation is not only a recognition of the IT team's hard work but also a celebration of the Association's commitment to innovation through the use of technology." said Craig Henderson, ICT and Service Delivery Manager of Langstane Housing Association. "We are proud to set a benchmark in the sector and look forward to continuing to improve our technological capabilities to better serve our tenants and customers."*
